

Raising Awareness for Vaccination and Psoriasis

Dear Readers,

August is National Immunization Awareness Month, sponsored by the Centers for Disease Control and Prevention. It is a time to raise awareness for the countless vaccine options we have today.

In observation of this important month, Consultant360 offers numerous educational opportunities for all health care providers. For example, our Adult Vaccines Resource Center hosts the most up-to-date news, interviews, and interactive features to test your knowledge on preventable vaccines. Visit the resource center here: <https://bit.ly/3CfF9js>.

For pediatric-specific vaccinations, Consultant360 offers a Pediatric Vaccines Resource Center, which hosts multimedia and interactive content as well. Visit the resource center here: <https://bit.ly/3ylf7ci>.

Recently, the COVID-19 vaccines and their efficacy have made headlines, coverage of which you can find at the Consultant360 COVID-19 Care360 Microsite. There, you can find breaking news stories, video and podcast interviews, pop quizzes and polls, and Research Briefs to share with your colleagues. Keep checking back, as these resources are updated often! Visit the microsite here: <https://bit.ly/3fvjV7M>.

August is also Psoriasis Awareness Month, sponsored by the National Psoriasis Foundation. Each August, Consultant360 joins various health care organizations around the country to raise awareness for finding a cure for psoriatic disease. Our Psoriasis Care360 Microsite can help you recognize psoriasis in your day-to-day practice, treat different types of psoriatic disease, and refer to a specialist when necessary. Visit the microsite here: <https://bit.ly/3rRoo9l>.

More resources are available at Consultant360.com. And, as always, feel free to send us your feedback at editor@consultant360.com.

Wishing you a safe return to "normal,"

Amanda Balbi
Senior Managing Editor, Consultant360
