

INTRODUCING HALYARD* NON-BORDERED FOAM DRESSINGS

PERFORMANCE. COMFORT. SAVINGS. TREAT WITH CONFIDENCE.

HALYARD* non-bordered sterile silicone foam dressings made with an absorbent foam layer, protective film backing and gentle silicone adhesive.

- For management of moderate-to-heavy drainage, partial and full thickness wounds
- Multi-layer design to protect and absorb exudate from the wound
- Promote a moist wound-healing environment
- May remain in place for up to 7 days
- May be used as part of a device related pressure injury prevention protocol
- Can be used under compression
